To Whom It May Concern:

The Bartenders Local # 165 recently purchased a new building that would require a complete remodel. The space was what we needed, but for our business needs we had to reconfigure the entire inside structure. Not knowing where to even start, I was referred to Mr. Brad Sounders and Mr. Robert Case owners of Universal Interiors.

What a truly remarkable company! I never imagined how much work and the countless decisions that this job would necessitate. Thank God for Brad at Universal Interiors. I simply walked around and pointed at what walls needed to come down, hallways to be re-routed and the doors that would be installed along with many other items. That was the easy part! Universal Interiors handled everything else.

Brad was extremely proficient in constructing new plans for our office. Brad presented us with many different options that would help us to create our new offices and stay within our budget. In a very timely manner Universal Interiors had obtained all permits that would be required to start construction.

I can honestly say that it was a pleasure to work with this company. My mind was put at completely ease as we went through the renovation of our building. We were promptly informed of all progress along with being kept in the loop of any changes or problems that arose.

I am very proud to be writing this letter on behalf of Universal Interiors. Our building is beautiful and all work was completed as scheduled. I would highly recommend this company to anyone.

Sincerely,

KAREN SPUDICH

President of Bartenders Local # 165
